

## CLAIMS

A complete list of the claims follows:

1-5. (Cancelled)

6. (Currently Amended) A storage cell (2) for receiving water from a paved surface (6) defining an upper boundary of the cell (2), a remaining boundary of the cell being defined by means of a water-retaining layer (8), characterised in that the cell further comprises means (52) for lifting water from a lower part of the cell (2) and means (54) located at the surface of the pavement for applying the water to the pavement surface to provide evaporation enhancement means.

7. (Original) A storage cell as claimed in claim 6, wherein the applying means comprises a spray.

8-9. (Cancelled)
